Dear Damian

I am pleased to advise that the Public School Review of Carine Senior High School has been completed. I endorse the report and am satisfied it will provide a basis for sustained school improvement.

Your school performance rating determined through your self-assessment submission and validated by the review team is 'Effective'. I acknowledge the efforts of you and your staff in creating the conditions for successful students.

The areas your school and the review team validated as being effective and those for which ongoing improvement is planned are noted.

In particular, it is evident that you have established recruitment, selection and management processes that are targeted and strategic, ensuring a high quality workforce committed to sustainable programs and practice to the benefit of students in their care.

These are complemented by a highly organised, structured, collaborative and supportive environment where staff are provided with clarity about the purpose for all actions.

As stated in the initial correspondence, please make the report available to your staff and school community and upload it to your school website.

I know you, your staff and school community will take the opportunity to use this report to continually improve outcomes for your students.

Yours sincerely

Stephen Baxter
