Dear Damian

I am pleased to advise that the Public School Review of Carine Senior High School has been completed. I endorse the report and am satisfied it will provide a basis for sustained school improvement.

The performance of your school, determined through your self-assessment submission and validated by the review team, has been confirmed to be exceptional.

The timeframe of return for the next Public School Review of your school will be 5 years and is to be scheduled for 2029. You will be formally notified in the 2 terms leading up to your school's scheduled review.

I acknowledge the efforts of you and your staff in optimising the conditions for successful students. The commendations and recommendations for your school against each of the domains are noted.

I have been informed of the high impact of staff across a broad range of roles in the creation of a supportive learning environment focused on removing barriers to achievement for all students. I have also been advised of the high regard in which the school is held by its stakeholders, in particular students, families and staff from local primary schools.

Central to strong community confidence has been the focus of your skilled leadership team, connected to staff and the community in word and deed. The impacts of this commitment are represented in the consistently high achievement and progress rate of students.

As stated in the initial correspondence, please make the report available to your staff and school community and upload it to your school website and/or Schools Online for a minimum period of 12 months.

I know you, your staff and school community will take the opportunity to use this report to continually improve outcomes for your students.

Yours sincerely
