ABBREVIATIONS

The following abbreviations have been used in this brochure:

AQF	Australian Qualifications Framework
ATAR	Australian Tertiary Admission Rank
EAL/D	English as an Additional Language/Dialect
ECU	Edith Cowan University
IELTS	International English Language Testing System
LOTE	Language Other Than English
TEA	Tertiary Entrance Aggregate
TISC	Tertiary Institutions Service Centre
UWA	The University of Western Australia
VET	Vocational Education and Training
WACE	Western Australian Certificate of Education

INTRODUCTION

The following information is issued on behalf of the five Western Australian universities. Its aim is to help Year 10 students to decide on their senior school courses, so that they meet university admission requirements. Remember to choose courses which will allow entry to a wide range of university courses.

This information is correct as of May 2025 and is based on information provided by the participating universities and information available from the School Curriculum and Standards Authority (SCSA) at the time of publication.

This brochure applies to students who will be completing Western Australian Year 12 studies in 2027. It is relevant only for admission in 2028 and is subject to change without notice.

PARTICIPATING UNIVERSITIES

Curtin University
Edith Cowan University
Murdoch University
The University of Notre Dame Australia
The University of Western Australia

DISCLAIMER

The universities reserve the right to change the content and/or method of presentation and/or the method of assessment of any unit of study, to withdraw any unit of study or program which they offer, to impose limitations on enrolment in any unit or program, and/or vary arrangements for any program. Enquiries regarding university admission requirements should be directed to the individual university(ies) concerned.

TISC and the participating universities cannot accept liability for any incorrect advice received from sources other than TISC, the universities or the universities' officially appointed agents.

UNIVERSITY APPLICATION PROCEDURES

Information about applying to the universities and admission to undergraduate courses will be sent to students at their schools during the year they are completing Year 12. Application will be via TISC's website (TISOnline). Applications usually open in the first half of the year, for admission the following February. Application opening dates can be checked on the [TISC website](#).

The closing date for applications is usually shortly after the release of Year 12 results. Offers of admission are made in the weeks following – there are usually two major TISC offer rounds.

Any further information about application procedures may be obtained from TISC. Enquiries about mid-year entry, postgraduate studies, timetables, fees, and particular course requirements should be directed to the university concerned.

You can apply for admission through TISC if you:

- are an Australian citizen,
- are a New Zealand citizen,
- have been approved/granted Australian permanent resident status.

If you are not one of the above, you are an international student and you need to apply direct to the relevant university.

REQUIREMENTS FOR UNIVERSITY ADMISSION

To be considered for university admission as a school leaver applicant, normally you must:

- meet the requirements for the **Western Australian Certificate of Education (WACE)*** prescribed by the School Curriculum and Standards Authority, and
- achieve **competence in English** as prescribed by the individual universities, and
- obtain a sufficiently high **ATAR/Selection Rank** for entry to a particular course, and
- satisfy any prerequisites or special requirements for entry to particular courses.

* Check with individual universities if you are concerned about not achieving WACE, however achievement of WACE is important for many reasons and will give you the widest range of post-school options.

1. WESTERN AUSTRALIAN CERTIFICATE OF EDUCATION (WACE)

You must satisfy the requirements of the WACE to enter most WA universities as a school leaver, unless you are an applicant from a non-standard WA school. Murdoch University accepts completion of Year 11 and Year 12 even if WACE is not achieved. You can obtain detailed information about the WACE from the School Curriculum and Standards Authority, Mason Bird Building, Level 2, 303 Sevenoaks Street, Cannington 6107, phone (08) 9273 6300, www.scsa.wa.edu.au.

2. COMPETENCE IN ENGLISH

For university admission purposes, usually you demonstrate competence in English by achieving the prescribed standard in one of the Year 12 courses: English ATAR, Literature ATAR or English as an Additional Language/Dialect (EAL/D) ATAR.

You can meet the competence in English requirement with Year 12 results obtained in any calendar year, however English competency achieved via STAT or other tests of English may have limited validity – check with the university concerned if you are unsure.

English as an Additional Language/Dialect ATAR can only be taken by students who meet eligibility criteria set by the School Curriculum and Standards Authority. If English as an Additional Language/Dialect ATAR is not available at your school, you can choose the English ATAR course and contact the universities for details about alternative acceptable English tests.

If you intend to study a General English course in Year 11 and 12 and want to go to university, remember that restrictions apply to people under 20 years of age wishing to sit STAT for English competency. Permission from a university may be required.

When choosing an English course, you should give careful consideration to the post-school pathways you are considering, and choose the course you feel will prepare you best for these pathway/s.

Where concessions are listed for each university, these are automatically applied when results are released and you do not need to request them. These will show on your UAAL with your final results.

CURTIN UNIVERSITY

You must achieve a scaled score of at least 50 in one of the Year 12 courses: English ATAR, Literature ATAR or English as an Additional Language/Dialect (EAL/D) ATAR.

CONCESSIONS

- a) If you have not met the above requirement, Curtin will concede competence in English to you if you have achieved a:
 - moderated numeric school assessment or numeric examination assessment of at least 55 in English ATAR, Literature ATAR or EAL/D ATAR,
 - a minimum final school letter grade of C in Year 12, in one of the Year 12 courses: English ATAR, Literature ATAR or English as an Additional Language/Dialect (EAL/D) ATAR,
 - a final school letter grade of A in Year 12, in one of the Year 12 courses: General English or Literature

Applicants eligible to be considered through the Portfolio Entry (Experience Based Entry) pathway may be considered with a final school letter grade of B in Year 12 General English (or Literature).

- b) If you have not met requirement (a) above but you have achieved an ATAR/Selection Rank above the minimum specified annually by the relevant university, **and** achieved a scaled score less than 50 in English ATAR, Literature ATAR or EAL/D ATAR,

then you may demonstrate your competence in English by sitting the Special Tertiary Admissions Test (STAT), or another test of English approved by the university early in January. If you demonstrate competence in English via STAT Written English, this result may only be valid for two years, after which you may need to re-sit STAT or demonstrate competence in English by another means.

EDITH COWAN UNIVERSITY

You must achieve:

- a scaled score of at least 50, **or**
- a minimum final school letter grade of C in Year 12,

in one of the Year 12 courses: English ATAR, Literature ATAR or English as an Additional Language/Dialect (EAL/D) ATAR.

Applicants eligible to be considered through the Experience Based Entry Scheme (EBES) pathway may be considered with a final school letter grade of A in Year 12 General English (or Literature).

Some courses have additional English requirements due to accreditation requirements eg Nursing, Midwifery, Paramedicine, Occupational Therapy, Preclinical Foundations of Imaging Science, Speech Pathology.

MURDOCH UNIVERSITY

You must complete:

- Year 11 and 12 at an Australian school, **or**
- Two years of full-time VET study in Australia (or equivalent part-time).

If you are applying for a Bachelor of Nursing you must complete Year 11 and 12 at an Australian School, **PLUS** an additional four years of primary or secondary education taught and assessed solely in English in a recognised country (Australia, Canada, New Zealand, Republic of Ireland, United Kingdom, USA).

If you are applying for a Bachelor of Laws (including combined degrees) you must complete:

- Year 11 and 12 at an Australian school, **or**
- Two years of full-time VET study in Australia **PLUS** evidence of completing Year 11 or 12 in a recognised country (Australia, Canada, New Zealand, Republic of Ireland, South Africa, United Kingdom, USA).

If you have not met the above requirement, you may demonstrate your competence in English for Murdoch University by sitting the Written English component of the Special Tertiary Admissions Test (STAT)*, or another test of English approved by the university. For the Bachelor of Nursing the STAT is not accepted to meet competence in English. You can use IELTS, PTE Academic (Nursing only) or TOEFL iBT. For required scores, check Murdoch's website.

*Restrictions apply to people under 20 years of age wishing to sit STAT. Check [TISC's website](#).

THE UNIVERSITY OF NOTRE DAME AUSTRALIA

Successful completion of secondary studies in Australia will be accepted as meeting the University's English language proficiency requirements.

Refer to Notre Dame's website for more details: <https://www.notredame.edu.au/study/applications-and-admissions/admission-requirements/english-language-requirement>.

THE UNIVERSITY OF WESTERN AUSTRALIA

You must achieve a scaled score of at least 50 in one of the Year 12 courses: English ATAR, Literature ATAR or English as an Additional Language/Dialect (EAL/D) ATAR.

CONCESSIONS

- a) If you have not met the above requirement, The University of Western Australia will concede competence in English to you if you have achieved:
 - a moderated numeric school assessment or numeric examination assessment of at least 60 in English ATAR or Literature ATAR. For English as an Additional Language/Dialect ATAR, a moderated written school assessment or written exam mark of at least 60 is required, **or**
 - a minimum final school letter grade of C in Year 12, in one of the Year 12 courses: English ATAR, Literature ATAR or English as an Additional Language/Dialect (EAL/D) ATAR.
- b) If you have not met requirement (a) above for The University of Western Australia, but you have achieved an ATAR/Selection Rank above the minimum specified annually by the university, **and** achieved a scaled score less than 50 in English ATAR, Literature ATAR or English as an Additional Language/Dialect ATAR, then you may demonstrate your competence in English by sitting the Special Tertiary Admissions Test (STAT), or another test of English approved by the university(ies) early in January.

3. THE AUSTRALIAN TERTIARY ADMISSION RANK (ATAR)

The Australian Tertiary Admission Rank is the standard basis of admission to most university courses. You are ranked in order of merit based on your ATAR.

The ATAR ranges between zero and 99.95. It reports your rank relative to all other WA students of Year 12 school leaving age and considers the number of students with a Tertiary Entrance Aggregate (TEA) as well as the number of people of Year 12 school leaving age in the population of this state. An ATAR of 75.00 indicates that you have an overall rating equal to or better than 75% of the Year 12 school leaving age population in Western Australia.

The ATAR is calculated using scaled scores in ATAR courses.

SCALED SCORES

Once you have finished all your school-based assessment in an ATAR course, your school will send a mark to SCSA. This is your **raw school mark**.

Next, all students enrolled in this ATAR course will sit the same external exam. The mark you receive in this exam is your **raw exam mark**.

SCSA conducts [moderation](#) to adjust school marks by looking at the performance of groups of students in the exam. This ensures students are not advantaged or disadvantaged if they were marked or assessed favourably at school. Your **moderated school mark** is then added to your raw exam mark to give a **course combined mark**.

The course combined marks are then **standardised**. This process is done so that there is no advantage or disadvantage based on the exam you were set in any subject in any year – all subjects, every year, have their combined marks standardised to have an average (mean) of around 60 per cent. This gives you your **standardised combined mark**.

All course results will then be **scaled** by TISC's Average Marks Scaling process to ensure fairness to all students. This accounts for the level of difficulty in a course and will give you your **scaled score**.

A scaled score for an ATAR course can only be calculated if a student sits the ATAR course examination for that course.

Scaled scores for ATAR courses with a practical component, those taken on a non-school basis, and those with very small candidature, are treated slightly differently. If you're interested in the marks adjustment processes, see TISC's website.

Scaling is not pre-determined, so TISC cautions against selecting courses on the basis of how you think they will be affected by scaling.

CALCULATION OF THE TEA

The ATAR is derived from the Tertiary Entrance Aggregate (TEA). In 2027, the TEA will be calculated by adding your best four scaled scores, subject to the following rules.

- Courses which can be used in the ATAR are listed on the following page. For all universities you may accumulate scaled scores which contribute to your ATAR over **five** consecutive years, with no course counting

more than once. You may use previous scaled scores back to 2023, for 2028 university entry. No more than two mathematics scaled scores can be used in the calculation of an ATAR. There are unacceptable course combinations whereby scores in both courses cannot both be used (see explanation under *Unacceptable Course Combinations* below).

A Languages Other than English (LOTE) bonus of 10% of a LOTE scaled score is added to the aggregate of the best four scaled scores. If more than one LOTE has been sat, only one (the best) LOTE scaled score can be used as the LOTE bonus.

If you study Mathematics Methods ATAR and/or Mathematics Specialist ATAR, a Mathematics bonus of 10% of the scaled score for each of those subjects is added to the aggregate of the best four scaled scores.

You receive these bonuses regardless of whether the subjects are included in your best four scaled scores.

TISC is currently consulting with industry and community stakeholders regarding removing these bonuses from 2029 onwards, however they will remain in place for 2027 Year 12 students.

Scaled scores from previous study of WACE courses are on the same scale as scaled scores obtained from study in 2027 and will be used directly in the calculation of an ATAR, if applicable.

The maximum TEA is 430.

TEA TO ATAR

TISC will construct a table to convert your TEA to an ATAR. The table considers the number of students with a TEA and the number of people of Year 12 school leaving age in the state. This table is constructed annually.

As a guide, if you have a best-four average scaled score of around 55.00, you are likely to achieve an ATAR of around 70.00, which is the minimum entry set by most WA universities.

PRIOR YEAR ATAR

If you have an ATAR from a previous year, you will be given the benefit of the higher of your previous ATAR and your current ATAR. If you have not previously satisfied the WACE requirement or a university's competence in English requirement, you must satisfy current requirements.

CASE STUDY: ATAR CALCULATION

Jo took five ATAR courses at Year 12 level. Her final scaled scores are shown in this table. Maths Methods was her lowest scaled score, so it isn't counted in her best four, **but** she still receives the Maths bonus of 10% of her scaled score. TISC then completes the TEA to ATAR conversion. If TISC used the sub-total of 231.0, before bonuses, Jo would have achieved an ATAR of 77.15 in 2024. With the bonuses included, Jo would have achieved an ATAR of 81.70 in 2024.

Course	Scaled Score
Physics ATAR	67.6
Italian ATAR	66.5
English ATAR	55.4
Modern History ATAR	41.5
Mathematics Methods ATAR	41.0
Sub-total	231.0
LOTE bonus	6.7
Maths bonus	4.1
Tertiary Entrance Aggregate	241.8

COURSES WHICH ARE USED TO FORM THE ATAR

In Western Australia, there are two groups of courses: ATAR and General courses. Year 11 and 12 students may also study VET qualifications or endorsed programs. Only ATAR courses can be included in the ATAR, and students must have sat the external ATAR course examination to obtain a scaled score.

Aboriginal and Intercultural Studies ATAR	Human Biology ATAR
Accounting and Finance ATAR	Indonesian: Background Language ATAR
Ancient History ATAR	Indonesian: First Language ATAR
Animal Production Systems ATAR	Indonesian: Second Language ATAR
Applied Information Technology ATAR	Integrated Science ATAR
Arabic ATAR	Italian: Background Language ATAR

French: Second Language ATAR	Plant Production Systems ATAR
Geography ATAR	Politics and Law ATAR
German: Background Language ATAR	Psychology ATAR
German: Second Language ATAR	Religion and Life ATAR
Health Studies ATAR	Visual Arts ATAR

NOTE:

1. Subject also to unacceptable combinations below, no more than two mathematics scaled scores can be used in the calculation of an ATAR.
2. There may be some additional interstate language courses and examinations available in WA in 2027, which may be counted in the ATAR. Contact the School Curriculum and Standards Authority for details of availability.

UNACCEPTABLE COURSE COMBINATIONS – ATAR COURSES

You cannot use the following course combinations in calculating your ATAR. You may be able to choose to study both courses in the combination, but only the higher of the two scaled scores can be used to calculate your ATAR – not both.

Chemistry ATAR <i>with</i> Integrated Science ATAR
English as an Additional Language/Dialect ATAR <i>with</i> English ATAR
English as an Additional Language/Dialect ATAR <i>with</i> Literature ATAR
Mathematics Applications ATAR <i>with</i> Mathematics Specialist ATAR
Physics ATAR <i>with</i> Integrated Science ATAR
Chinese: Background Language ATAR <i>with</i> Chinese: Second Language ATAR
Chinese: Background Language ATAR <i>with</i> Chinese: First Language ATAR
Chinese: Second Language ATAR <i>with</i> Chinese: First Language ATAR

About the ATAR:

Help videos:

Scaling statistics:

COURSES STUDIED ON A NON-SCHOOL BASIS

You may use results in courses sat on a non-school basis in the calculation of your ATAR. Your scaled score in courses you sit on a non-school basis will be based on your course examination mark only.

The School Curriculum and Standards Authority (SCSA) administers non-school candidature. SCSA places restrictions on school leaver students sitting ATAR courses as non-school candidates. If you wish to sit ATAR courses on a non-school basis contact SCSA, Mason Bird Building, Level 2, 303 Sevenoaks Street, Cannington 6107, phone (08) 9273 6300, www.scsa.wa.edu.au for advice. SCSA has a deadline for enrolling as a non-school candidate.

You will not be able to use results from courses sat on a non-school basis to meet the WACE requirement.

SELECTION RANKS

For most courses, 2027 Year 12 students will be selected for admission to university in 2028 based on their ATAR. However, some universities assign students who are eligible for adjustment factors a Selection Rank that is higher than their ATAR. For these students, selection into courses at the university concerned is based on this enhanced Selection Rank.

Eligibility for the adjustment factors is based on specified criteria, such as the school you attend for Year 12, your home postcode, or family background. TISC advises students of their eligibility at the time of the Year 12 results/ATAR release in late December, via the Universities Admission Advice Letter (UAAL). The appropriate Selection Rank is automatically applied for offer rounds.

For 2028 admission, Curtin University has the StepUp to Curtin Entry Pathway, ECU has the ECU Access Pathway, Murdoch University has RISE, and UWA has the Broadway Alternative Entry Pathway. Notre Dame asks all applicants to submit an Individual Factors form so that adjustments may be granted on an individual basis. For further details about any of these pathways, see the individual university section on TISC's website.

For some university courses Selection Ranks are based on additional criteria as well as the ATAR. The criteria may include bridging/special course units, interviews, auditions, portfolios, aptitude tests, the Educational Access Scheme etc. Detailed information is available from the individual universities.

4. PREREQUISITES

Make sure that you satisfy the prerequisites for admission to the university course of your choice. Prerequisites are courses or special requirements that must be successfully completed for entry to particular university courses.

The universities set these requirements to ensure that students commencing a university course have an appropriate level of knowledge to succeed in their chosen course.

Generally, a scaled score of 50 or more in an ATAR course is required for prerequisite purposes.

Prerequisites may be satisfied by results from the current year or previous four years.

Murdoch University and The University of Notre Dame Australia do not require applicants to have undertaken specific prerequisite courses and instead provide introductory units to enable its students to become skilled in specific areas in which they may be lacking. However, they provide a list of recommended ATAR courses for some of their degree courses.

EXPERIENCE-BASED AND PORTFOLIO ENTRY

Experience-based entry is a selection method used by universities (or other higher education providers) to assess students whose formal education qualifications alone may not be enough to gain admission to a course, but who can demonstrate other relevant work and life skills and experience that make them a suitable candidate.

For school leavers, examples of experience-based entry pathways might include:

- Getting an ATAR that's lower than the required minimum, and demonstrating additional knowledge and skills via a Certificate II, paid work, and music/arts performance.
- Completing fewer than four ATAR subjects and demonstrating additional knowledge and skills via a Certificate III, school leadership roles, and representative sporting team involvement.
- Completing a Certificate IV and meeting a university's English Language competence requirement.

Please note that these are examples only and each university sets their own requirements for experience-based entry pathways. These requirements may change from year to year, so always check TISC's and the universities' websites for up-to-date information.

CURTIN UNIVERSITY

Alternative entry is available in selected courses for those who can demonstrate equivalence to Curtin's ATAR entry through the submission of a portfolio. You can visit [Curtin's Portfolio Entry website](#) for further information about the portfolio requirements and application process. An interview might be required as part of the application process.

EDITH COWAN UNIVERSITY

Experience Based Entry Scheme

ECU's Experience Based Entry Scheme (EBES) is an alternative entry pathway for school leaver applicants with a near-miss ATAR and non-ATAR students who successfully complete at least three ATAR courses and one General course in Year 12. To be considered through the EBES pathway, school leaver applicants may be required to achieve WACE, meet ECU's English competency requirements, and satisfy any other course, or major, specific prerequisites or requirements. Applications will be partially assessed prior to release of final Year 12 results.

Not all courses accept applications through this pathway. Refer to the course entry requirements for your chosen degree for more information at www.ecu.edu.au.

Detailed information about the requirements for the EBES pathway may be obtained from the Future Students team on 134 328 or [the ECU Experience Based Entry Scheme website](#).

Creative Humanities Portfolio Entry Pathway

ECU's Creative Humanities Portfolio Entry (CHPE) pathway is an alternative entry pathway for school leaver applicants who are passionate about art and design and is available for selected ECU courses and majors. Applicants may be required to achieve WACE, meet ECU's English competency requirements, and satisfy any other course or major, specific prerequisites or requirements.

Detailed information about the requirements for the CHPE pathway may be obtained from the Future Students team on 134 328 or at [ECU's Creative Humanities Portfolio Entry website](#).

MURDOCH UNIVERSITY

Experience Based Entry (EBE)

Murdoch's Experience Based Entry (EBE) pathway assesses your academic, vocational and life achievements in combination and is an option for a wide range of courses with a selection rank of 70. If you can demonstrate your aptitude and ability via school subjects or extracurricular and life experience, then this might be the pathway for you. Visit [Murdoch's website](#) for more information and an eligibility checker.

Media Portfolio

Do you want to study a course that showcases your creative flair? We recommend you check out the Media Portfolio pathway which caters specifically to creative minds. For more information go to <https://www.murdoch.edu.au/study/pathways-to-uni/enabling-pathways/experience-based-entry/media-portfolio>.

THE UNIVERSITY OF WESTERN AUSTRALIA

UWA offers experience based entry for its comprehensive undergraduate bachelor's degrees (Arts, Biomedical Science, Business, Commerce, Environmental Design and Science).

You may be eligible for this pathway based on qualifications and life experience, including subjects completed at school, VET qualifications, volunteering, sports participation, employment and more. Visit [UWA's website](#) for more information and an eligibility checker.

ADMISSION OF STUDENTS FROM NON-STANDARD SCHOOLS

Normally all applicants using recent secondary education as the basis of admission to university are required to meet the admission requirements outlined in this brochure. You may not meet these admission requirements if you are attending a school that does not follow the standard Western Australian school system. If so, apply for admission to a university course through TISC, but include with your application a statement

giving full details of your upper secondary school studies. Your application will be considered on an individual basis. The WACE, awarded by the School Curriculum and Standards Authority, is not required by the universities for students from non-standard schools, however achievement of an equivalent senior secondary qualification or certificate may be required. You should check with the university/ies you wish to attend if you are unsure.

Some examples of non-standard schooling may include homeschooling, Waldorf schooling or the International Big Picture Learning Credential.

SCHOOL LEAVERS WITH AQF (VET) QUALIFICATIONS

School leavers using this pathway do **not** obtain an ATAR. The qualification (Certificate IV and above) may be used to give a selection rank that is sufficient to gain entry to selected courses at each university. This selection rank is not an ATAR and will not be reflected on the [Universities Admission Advice Letter \(UAAL\)](#) issued by TISC.

Curtin University

Curtin University will expect school leaver age applicants who seek entry via this pathway to have, as a minimum:

- successfully completed an AQF Certificate IV; and
- achieved WACE; and
- met Curtin University's competence in English requirement; and
- met course prerequisite requirements.

Edith Cowan University

School leaver age applicants who seek entry via this pathway may be required to achieve WACE, and:

- successfully completed an AQF Certificate IV as part of their Year 12 studies; and
- met ECU's competence in English requirement; and
- met course prerequisite requirements.

Murdoch University

School leavers will be eligible for admission into most Murdoch degree courses, with successful completion of a Certificate IV. They must also have:

- Completed Year 12; and
- met Murdoch's competence in English requirement.

The University of Notre Dame Australia

The University of Notre Dame expect school leaver age applicants who seek entry via this pathway to have, as a minimum:

- successfully completed an AQF Certificate IV; and
- achieved WACE; and
- met Notre Dame's competence in English requirement.

The University of Western Australia

The University of Western Australia will accept an AQF qualification at Diploma level as a basis of admission for selected undergraduate courses. However, school leavers using a diploma achieved during their Years 11 and 12 must also have:

- achieved WACE; and
- met UWA's competence in English requirement.

Students completing a Certificate IV during Year 12 may apply via UWA's Experience-Based Entry pathway.

SELECTING YOUR COURSES

Choosing your subjects for Year 11 and 12 now, when you're in Year 10, can seem like a huge commitment. The tables on the following pages will give you an idea of what ATAR courses are either required or recommended for courses you may be interested in.

If you are not sure what direction you want to go after finishing school, try to choose courses that will give you a wide range of options, in your area of interest. Choosing courses that you are interested in gives you a higher chance of success and is likely to keep your stress levels manageable.

At the same time, it is best to choose courses that will challenge you academically, to maintain interest and ensure you are getting the most out of your secondary education.

Generally, you will have the chance to make changes to your subject enrolments during Year 11 or between Year 11 and 12, so if you choose a challenging study load and find that you are not coping, talk to your school about what changes you might be able to make. If you choose less challenging subjects, you won't usually be able to add more challenging subjects later, so you may be limiting your future options. For example, depending on timetabling constraints, most schools will allow you to change from Mathematics Methods to Mathematics Applications at the end of Year 11, but it would not be possible to change from Mathematics Applications to Mathematics Methods because of the content you would have missed.

Remember, although you need to complete four or more ATAR courses to achieve an ATAR, you can also study fewer than four ATAR subjects and benefit from the more rigorous curriculum in areas of interest. For example, if you have an aptitude for Drama or Dance,

you may wish to study that subject at ATAR level whilst completing a Certificate IV or General subjects. That may then lead you to an alternative entry pathway, or you may move on to employment or training and not to university – learning is never wasted.

What if I change my mind between Year 10 and Year 12?

This is very normal! Most people will change their minds at some point about their post-school direction – what you are interested in now, when choosing your Year 12 subjects, might not be what you're still interested in two years later.

This is one reason why choosing subjects that will give you entry into a wide variety of courses is a good idea.

However, should you get to Year 12 and realise you aren't studying the prerequisite subject/s for the course/s you're now interested in, contact the university where you wish to study. They can often suggest solutions, for example bridging units, or enrolling in a similar course and applying to transfer later.

REQUIREMENTS TO ENROL IN ATAR COURSES

TISC and SCSA do not enforce any academic or prerequisite requirements to enrol in an ATAR course – for example, you don't need a particular grade or mark in a Year 10 subject to enrol in the ATAR course for Year 11 and Year 12.

Schools may advise of certain internal requirements such as achieving a B or C grade in a Year 10 subject to enrol in a certain Year 11 ATAR course. Remember that you do need to consider the requirements of the WACE, including achieving a certain number of C grades (see SCSA's website for more information). If you don't agree with your school's recommendation, it's best to discuss your situation and goals with the relevant person at your school.

TISC recommends that if you are already fairly sure that you want to attend university after graduating from high school, you strongly consider an ATAR pathway, as this will equip you with important skills and knowledge that will help you succeed at university. ATAR courses can also give you entry into TAFE or other further training or study, if you decide you don't want to go to university directly after finishing Year 12.

CASE STUDIES – SUBJECT SELECTION

Aliyah is in Year 10; she enjoys maths and is interested in how things work. She thinks she may want to be an engineer, or work in a related field. She isn't sure which university she wants to go to. Aliyah checks the prerequisite lists in this brochure and sees that all the universities require or recommend Maths Methods for Engineering courses and most also require either Physics or Chemistry.

Aliyah decides that to make sure she meets the prerequisite requirements at several universities, she will choose Maths Methods, Maths Specialist, Physics and Chemistry at ATAR level for Year 11. She isn't sure about Specialist, as she's heard it's really hard, but her parents suggested she try her best and see how Year 11 goes. To give herself the best chance of meeting English competence requirements at all universities, she also chooses English ATAR, even though English is not her best subject. Finally, she chooses Materials Design and Technology General because it is an area of interest, and she wants one subject that is a little less demanding.

Ben is also in Year 10. He loves music and performing on stage and wants to pursue a career in the arts. Apart from Music, his preferred subjects are English and HASS. He isn't sure if he will want to study at university or perhaps complete a VET diploma at a specialist performing arts education provider. Ben's school doesn't offer Music ATAR so he chooses a Certificate II in Music. He decides that to keep his options open, he will choose four Year 11 ATAR subjects, and see how he feels after completing Year 11.

He chooses English ATAR, Maths Applications ATAR, Modern History ATAR and Media Production and Analysis ATAR, knowing that he'll find those subjects interesting. Finally, Ben chooses Design General, thinking it would be useful to have some design knowledge for set design or creating his own marketing material when he's performing.

Cara is in Year 10 and has wanted to be a doctor since she was a small child. She has been in selective academic programs at her school since Year 7 and feels like she is well prepared for a demanding ATAR pathway of 6 ATAR subjects. She tends to achieve well across all subject areas. Checking the prerequisite and recommended subject lists for Medicine, Cara selects Chemistry and Maths Methods to make sure she's got those covered, as well as Literature ATAR to meet English competence requirements. She has noted that language courses are often studied by high-achieving students and has been enjoying her Japanese studies so far, so she selects Japanese: Second Language. Cara finds choosing her last two subjects really difficult, but in the end decides on Maths Specialist and Human Biology.

COURSE PREREQUISITES

CURTIN UNIVERSITY

The following list outlines the prerequisite and recommended ATAR courses for entry to Curtin courses in 2028. Additional non-Year 12 requirements are also outlined. To satisfy the prerequisite requirements, a scaled score of 50 or more in the ATAR course(s) specified is required, unless otherwise specified. Note that where 'at least Mathematics Applications ATAR' is specified as a prerequisite, Mathematics Methods ATAR also satisfies the requirement.

¹ Biology ATAR, Chemistry ATAR, Earth and Environmental Science ATAR, Human Biology ATAR, Integrated Science ATAR, Physics ATAR or Psychology ATAR satisfies this requirement.

² Accreditation by the Actuaries Institute requires applicants to have a minimum ATAR/Selection Rank of 92.00.

³ Animal Production Systems ATAR, Applied Information Technology ATAR, Aviation ATAR, Biology ATAR, Chemistry ATAR, Computer Science ATAR, Earth and Environmental Science ATAR, Engineering Studies ATAR, Human Biology ATAR, Integrated Science ATAR, Marine and Maritime Studies ATAR, Physics ATAR, Plant Production Systems ATAR or Psychology ATAR satisfies this requirement.

⁴ Animal Production Systems ATAR, Biology ATAR, Chemistry ATAR, Earth and Environmental Science ATAR, Human Biology ATAR, Integrated Science ATAR, Marine and Maritime Studies ATAR, Physics ATAR, Plant Production Systems ATAR or Psychology ATAR satisfies this requirement.

Urban & Regional Planning ^{PE}	No prior study in a particular course is required	

The following are the prerequisites which apply for entry to ECU courses (or specific major(s) within a course). To satisfy the prerequisite requirements, a minimum scaled score of 50 or more in the ATAR course is required. Additional non-Year 12 requirements are also outlined.

Applicants for all Western Australian Academy of Performing Arts (WAAPA) courses including Bachelor of Education (Secondary) – Music Education major, are required to attend an interview or audition and to apply direct to ECU. Other course prerequisites may apply, and applicants should review the course entry requirement for their chosen course at ecu.edu.au.

* indicates the course is highly competitive with limited places and satisfying minimum entry requirements does not guarantee a place in the course.

Bachelor of Science (Paramedical Science) *	No prior study in a particular course is required	
Bachelor of Science	Applicants must satisfy the prerequisites for specific major(s) as noted below.	
Data Science	A final school letter grade of C or higher in Mathematics Methods ATAR (Year 11) or equivalent	
Mathematics	Mathematics Methods ATAR or Mathematics Specialist ATAR or equivalents	
Physics	Physics ATAR and Mathematics Methods ATAR or equivalents	
Bachelor of Science / Bachelor of Commerce (double degree)	Applicants must satisfy the prerequisites for specific major(s) as noted below.	
Data Science	A final school letter grade of C or higher in Mathematics Methods ATAR (Year 11) or equivalent	
Mathematics	Mathematics Methods ATAR or Mathematics Specialist ATAR or equivalents	
Physics	Physics ATAR and Mathematics Methods ATAR or equivalents	
Bachelor of Science (Exercise & Sports Science) / Bachelor of Commerce (Sport Business) (double degree)	No prior study in a particular course is required	
Bachelor of Screen Production	No prior study in a particular course is required	
Bachelor of Social Work	No prior study in a particular course is required	
Bachelor of Speech Pathology*	No prior study in a particular course is required	
Bachelor of Technology (Aeronautical)	No prior study in a particular course is required	Mathematics Methods ATAR and Physics ATAR or Engineering Studies ATAR or equivalents
Bachelor of Technology (Chemical)	No prior study in a particular course is required	Mathematics Methods ATAR or equivalent
Bachelor of Technology (Civil Engineering)	No prior study in a particular course is required	Mathematics Methods ATAR or equivalent
Bachelor of Technology (Electrical Engineering)	No prior study in a particular course is required	Mathematics Methods ATAR or equivalent
Bachelor of Technology (Electronics and Communications Engineering)	No prior study in a particular course is required	Mathematics Methods ATAR or equivalent
Bachelor of Technology (Electronic and Computer Systems Engineering)	No prior study in a particular course is required	Mathematics Methods ATAR or equivalent
Bachelor of Technology (Mechanical Engineering)	No prior study in a particular course is required	Mathematics Methods ATAR or equivalent
Bachelor of Technology (Motorsports)	No prior study in a particular course is required	Mathematics Methods ATAR and Physics ATAR or Engineering Studies ATAR or equivalents
Bachelor of Visual Arts	No prior study in a particular course is required	
Bachelor of Youth Work	No prior study in a particular course is required	
University Preparation Course	No prior study in a particular course is required	

While many universities have prerequisite Year 12 courses for most of their courses, Murdoch University has a flexible degree structure that recognizes that students do not always make up their minds about the career they would like until much later than Year 10. So Murdoch has 'make-up' units available in Chemistry, Mathematics and Physics for students who have not studied, or who have not performed well in, these courses at Year 12 level. We do list some recommended ATAR courses because a strong mathematical or chemistry background is an advantage in any science-based university course. However, they are purely a recommendation and do not affect entry. Note that for entry to all Murdoch's courses you must fulfil the University's requirements on English competence.

COURSE	RECOMMENDED
Bachelor of Arts	
Asian Studies	No specific courses
Community Development	No specific courses
English and Creative Writing	No specific courses
History	No specific courses
Indonesian	No specific courses
International Aid and Development	No specific courses
Japanese	No specific courses
Philosophy	No specific courses
Politics and International Studies	No specific courses
Sociology	No specific courses
Sustainable Development	No specific courses
Theatre and Creative Production	No specific courses
Tourism and Events	No specific courses
Bachelor of Business	
Accounting	Mathematics Applications ATAR
Business Law	No specific courses
Entrepreneurship and Innovation	No specific courses
Finance	Mathematics Applications ATAR
Hospitality and Tourism Management	Mathematics Applications ATAR
Human Resource Management	No specific courses
International Business	No specific courses
Management	No specific courses
Marketing	No specific courses
Bachelor of Business/Bachelor of Entrepreneurship and Innovation (combined degree)	No specific courses
Bachelor of Business/Bachelor of Agricultural Science (combined degree)	Mathematics Applications, Chemistry ATAR
Bachelor of Communication	
Global Media and Communication	No specific courses
Journalism	No specific courses
Strategic Communication	No specific courses
Web Communication	No specific courses
Bachelor of Creative Media	
Games Art and Design	Visual Arts ATAR
Graphic Design	Visual Arts ATAR
Photography	No specific courses
Screen Production	No specific courses
Sound	No specific courses
Bachelor of Creative Media/Bachelor of Communication (combined degree)	No specific courses
Bachelor of Criminology (pathway to ATAR 90 Law courses)	
Crime Science	No specific courses
Criminal Behaviour	No specific courses
Legal Studies	No specific courses
White Collar and Corporate Crime	No specific courses
Bachelor of Criminology/Bachelor of Arts (combined degree)	No specific courses

COURSE	RECOMMENDED
Bachelor of Criminology/Bachelor of Communication (combined degree)	No specific courses
Bachelor of Criminology/Bachelor of Global Security (combined degree)	No specific courses
Bachelor of Criminology/Bachelor of Psychology (combined degree)	No specific courses
Bachelor of Criminology/ Bachelor of Science (combined degree)	No specific courses
Bachelor of Data Analytics in Business Intelligence	No specific courses
Bachelor of Education	
Early Childhood and Primary Teaching	No specific courses
Primary Teaching	No specific courses
Primary, 1-10 Health and Physical Education	No specific courses
Bachelor of Education in Secondary Teaching	
Biology and Environmental Science	Biology ATAR, Mathematics Applications ATAR, Chemistry ATAR
Biology and Human Biology	Human Biology ATAR, Biology ATAR
Earth and Environmental Science	Mathematics Applications ATAR, Chemistry ATAR
English	English ATAR
Geography/Business & Enterprise	Geography ATAR, Economics ATAR
Health & Physical Education	Physical Education Studies ATAR, Human Biology ATAR
History (HASS)	History ATAR
Mathematics	Mathematics Methods ATAR, Mathematics Specialist ATAR
Physical Sciences	Physics ATAR
Politics (HASS)	Politics ATAR
Bachelor of Engineering (Hons)	
Electrical and Renewable Energy Engineering	Mathematics Methods ATAR ⁴ , Mathematics Specialist ATAR Physics ATAR
Environmental Engineering	Mathematics Methods ATAR ⁴ , Mathematics Specialist ATAR Physics ATAR
Industrial Control and Automation Engineering	Mathematics Methods ATAR ⁴ , Mathematics Specialist ATAR Physics ATAR
Bachelor of Engineering Technology	
Industrial Control and Automation Engineering	Mathematics Methods ATAR ⁴ , Mathematics Specialist ATAR Physics ATAR
Electrical and Renewable Energy Engineering	Mathematics Methods ATAR ⁴ , Mathematics Specialist ATAR Physics ATAR
Environmental Engineering	Mathematics Methods ATAR ⁴ , Mathematics Specialist ATAR Physics ATAR
Bachelor of Global Security	
Cyberspace, Policy and Security	No specific courses
Environment, Conflict and Security	No specific courses
Politics and International Studies	No specific courses
Terrorism and Counterterrorism Studies	No specific courses
Bachelor of Information Technology and Business	Mathematics Applications ATAR
Bachelor of Information Technology	
Artificial Intelligence and Autonomous Systems	Mathematics Applications ATAR
Business Information Systems	Mathematics Applications ATAR
Computer Science	Mathematics Applications ATAR
Cyber Security and Forensics	Mathematics Applications ATAR
Games Technology	Mathematics Applications ATAR
Internetworking and Network Security	Mathematics Applications ATAR
Bachelor of Laws	
Law	No specific courses
Law/Arts (combined degree)	No specific courses
Law/Business (combined degree)	No specific courses
Law/Communication (combined degree)	No specific courses
Law/Criminology (combined degree)	No specific courses

COURSE	RECOMMENDED
Law/Global Security (combined degree)	No specific courses
Law/Information Technology (combined degree)	No specific courses
Law/Psychology (combined degree)	No specific courses
Law/Science (combined degree)	No specific courses
Bachelor of Psychology	Mathematics Methods ATAR
Sciences	
Agricultural Sciences (BSc)	
Animal Health	Mathematics Methods ATAR, Chemistry ATAR, Biology ATAR
Animal Science	Mathematics Methods ATAR, Chemistry ATAR, Biology ATAR
Crop and Pasture Science	Chemistry ATAR, Mathematics Applications ATAR
Veterinary Science	
Veterinary Science BSc (<i>Veterinary Biology</i>) which progresses into an integrated DVM (<i>Doctor of Veterinary Medicine</i>)	Mathematics Methods ATAR, Chemistry ATAR, Physics ATAR, Biology ATAR
Environmental and Conservation Science (BSc)	
Conservation and Wildlife Biology	Mathematics Applications ATAR, Chemistry ATAR
Environmental Science and Management	Mathematics Applications ATAR, Chemistry ATAR
Marine Biology	Mathematics Applications ATAR, Chemistry ATAR
Health	
Chiropractic Science & Clinical Chiropractic (BSc+BCLinChiro)	Mathematics Methods ATAR, Chemistry ATAR, Physics ATAR, Human Biology ATAR, Biology ATAR
Food Science and Nutrition	Mathematics Applications ATAR, Chemistry ATAR, Biology ATAR
Nursing	Mathematics Applications ATAR, Chemistry ATAR, Human Biology ATAR
Sport and Exercise Science	Physical Education Studies ATAR, Human Biology ATAR
Sport and Exercise Science/Master of Clinical Exercise Physiology	Physical Education Studies ATAR, Human Biology ATAR
Sport and Exercise Science/Psychology (combined degree)	Mathematics Methods ATAR, Human Biology ATAR, Physical Education studies ATAR.
Forensic Science	
Forensic Chemistry and Toxicology	Chemistry ATAR, Mathematics Applications ATAR, Biology or Human Biology ATAR
Forensic Biology	Chemistry ATAR, Mathematics Applications ATAR, Biology or Human Biology ATAR
Biomedical Science	
Genetics and Biotechnology	Chemistry ATAR, Mathematics Applications ATAR, Biology or Human Biology ATAR
Pharmacology and Toxicology	Chemistry ATAR, Mathematics Applications ATAR, Biology or Human Biology ATAR
Microbiology and Immunology	Chemistry ATAR, Mathematics Applications ATAR, Biology or Human Biology ATAR
Biomedicine	Chemistry ATAR, Mathematics Applications ATAR, Biology or Human Biology ATAR
Clinical Laboratory Science	Chemistry ATAR, Mathematics Applications ATAR, Biology or Human Biology ATAR
Biochemistry and Nutrition	Chemistry ATAR, Mathematics Applications ATAR, Biology or Human Biology ATAR
Bachelor of Science (Mathematical Sciences)	
Mathematics and Statistics	Mathematics Methods ATAR
Bachelor of Science (Physical Sciences)	
Chemistry	Chemistry ATAR
Physics	Physics ATAR
Biochemistry and Nutrition	
Enabling courses	
OnTrack Enabling course	Completion of Year 11 and 12 Applicants must be over the compulsory school age as defined by the WA School Education Act 1999 in the year of commencement of the course.
OnTrack Sprint (4 week Pre-university program)	ATAR of 60.00-69.95 OR a student who has achieved an 'A' or 'B' average in General Year 12 subjects OR a student who has not undertaken a full suite of ATAR subjects, but may have performed well in 2 or 3 subjects

THE UNIVERSITY OF NOTRE DAME AUSTRALIA

The following list outlines the desirable subjects for The University of Notre Dame Australia courses (or specific major(s) within a course). However, these are purely a recommendation and do not affect entry. Additional requirements are also outlined.

COURSE	DESIRABLE
ARTS AND SCIENCES	
Bachelor of Arts	
Archaeology	No specific subject recommended
Behavioural Science	Psychology ATAR
English Literature	English ATAR or Literature ATAR
Environmental Management	Earth and Environmental Science ATAR
History	Modern History ATAR or Ancient History ATAR
Journalism	Media Production and Analysis ATAR
Mathematics	Mathematics Methods ATAR or Mathematics Applications ATAR
Philosophy	Philosophy and Ethics ATAR
Politics and International Relations	Politics and Law ATAR
Screen Arts	No specific subject recommended
Social Justice	No specific subject recommended
Theology	Religion and Life ATAR
Bachelor of Arts (Architecture)	No specific subject recommended
Bachelor of Arts in Psychology	Psychology ATAR
Bachelor of Arts/Bachelor of Behavioural Science (<i>double degree</i>)	Psychology ATAR and/or ATAR subject in preferred Notre Dame Bachelor of Arts major discipline area
Bachelor of Arts (Politics and Journalism)	Politics & Law ATAR
Bachelor of Arts (Politics and Journalism)/ Bachelor of Behavioural Science (<i>double degree</i>)	Psychology ATAR and/or Politics & Law ATAR
Bachelor of Behavioural Science	Psychology ATAR
Bachelor of Communications and Media	Media Production & Analysis ATAR
Bachelor of Communications and Media/Bachelor of Arts (<i>double degree</i>)	Media Production & Analysis and/or ATAR subject in preferred Notre Dame Bachelor of Arts Major discipline area
Bachelor of Communications and Media/Bachelor of Behavioural Science (<i>double degree</i>)	Media Production & Analysis ATAR and/or Psychology ATAR
Bachelor of Computer Science	Mathematics Methods ATAR or Mathematics Applications ATAR
Bachelor of Counselling	Psychology ATAR <i>Applicants must also satisfy non-academic requirements by completing a personal statement outlining their motivations and demonstrating suitability to study counselling as per accreditation requirements (including self-awareness, capacity to relate to others and an understanding of ethical behaviour).</i>
Bachelor of Science	Any Science ATAR subject
Bachelor of Science/Bachelor of Arts (<i>double degree</i>)	Any Science ATAR subject and/or ATAR subject in preferred Notre Dame Bachelor of Arts Major discipline area
Bachelor of Science/Bachelor of Behavioural Science (<i>double degree</i>)	Any Science ATAR subject and/or Psychology ATAR
BUSINESS	
Bachelor of Accounting	Business Management and Enterprise ATAR and/or Accounting & Finance ATAR and/or Mathematics Applications ATAR
Bachelor of Business Administration	Business Management and Enterprise ATAR and/or Accounting & Finance ATAR
Bachelor of Commerce	
Accounting	Business Management and Enterprise ATAR and/or Accounting & Finance ATAR and/or Mathematics Applications ATAR
Economics	Business Management and Enterprise ATAR and/or Economics ATAR
Finance	Business Management and Enterprise ATAR and/or Accounting & Finance ATAR and/or Mathematics Applications ATAR
Human Resource Management	Business Management and Enterprise ATAR
Management	Business Management and Enterprise ATAR
Marketing	Business Management and Enterprise ATAR
Public Relations	Business Management and Enterprise ATAR
Bachelor of Commerce/Bachelor of Arts (<i>double degree</i>)	Business Management and Enterprise ATAR and/or Accounting & Finance ATAR, / ATAR subject in preferred Notre Dame Bachelor of Arts major discipline area

COURSE	DESIRABLE
Bachelor of Commerce/Bachelor of Behavioural Science (<i>double degree</i>)	Business Management and Enterprise ATAR and/or Accounting & Finance ATAR / Psychology ATAR
Bachelor of Commerce/Bachelor of Communications and Media (<i>double degree</i>)	Business Management and Enterprise ATAR / Media Production & Analysis ATAR
Bachelor of Commerce/Bachelor of Science (<i>double degree</i>)	Business Management and Enterprise ATAR and/or Accounting & Finance ATAR / any Science-related ATAR subject
Bachelor of Commerce/Bachelor of Sport and Recreation Management (<i>double degree</i>)	Business Management and Enterprise ATAR / Physical Education Studies ATAR
Bachelor of Human Resource Management	Business Management and Enterprise ATAR
Bachelor of Human Resource Management/Bachelor of Arts (<i>double degree</i>)	Business Management and Enterprise ATAR / ATAR subject in preferred Notre Dame Bachelor of Arts Major discipline area
Bachelor of Human Resource Management/Bachelor of Behavioural Science (<i>double degree</i>)	Business Management and Enterprise ATAR / Psychology ATAR
Bachelor of Marketing and Public Relations	Business Management and Enterprise ATAR
Bachelor of Marketing and Public Relations/Bachelor of Arts (<i>double degree</i>)	Business Management and Enterprise ATAR / ATAR subject in preferred Notre Dame Bachelor of Arts Major discipline area
Bachelor of Marketing and Public Relations/Bachelor of Behavioural Science (<i>double degree</i>)	Business Management and Enterprise ATAR / Psychology ATAR
Bachelor of Marketing and Public Relations/Bachelor of Communications and Media (<i>double degree</i>)	Business Management and Enterprise ATAR / Media Production & Analysis ATAR
Bachelor of Sport and Recreation Management	Business Management and Enterprise ATAR
Bachelor of Sport and Recreation Management/Bachelor of Communications and Media (<i>double degree</i>)	Business Management and Enterprise ATAR and/or Media Production & Analysis ATAR
LAW	
Bachelor of Laws	Politics and Law ATAR
Bachelor of Laws/Bachelor of Arts (<i>double degree</i>)	Politics and Law ATAR / ATAR subject in preferred Notre Dame Bachelor of Arts Major discipline area
Bachelor of Laws/Bachelor of Arts (Politics and Journalism) (<i>double degree</i>)	Politics and Law ATAR
Bachelor of Laws/Bachelor of Behavioural Science (<i>double degree</i>)	Politics and Law ATAR / Psychology ATAR
Bachelor of Laws/Bachelor of Biomedical Science (<i>double degree</i>)	Politics and Law ATAR / Mathematics Applications ATAR, Chemistry ATAR, Human Biology ATAR or Biology ATAR
Bachelor of Laws/Bachelor of Commerce (<i>double degree</i>)	Politics and Law ATAR / ATAR subject in preferred Notre Dame Bachelor of Commerce Major discipline area
Bachelor of Laws/Bachelor of Communications and Media (<i>double degree</i>)	Politics and Law ATAR / Media Production & Analysis ATAR
Bachelor of Laws/Bachelor of Human Resource Management (<i>double degree</i>)	Politics and Law ATAR / Business Management and Enterprise ATAR
Bachelor of Laws/Bachelor of Marketing and Public Relations (<i>double degree</i>)	Politics and Law ATAR / Business Management and Enterprise ATAR
Bachelor of Laws/Bachelor of Philosophy (<i>double degree</i>)	Politics and Law ATAR / Business Management and Enterprise ATAR
Bachelor of Laws/Bachelor of Science (<i>double degree</i>)	Politics and Law ATAR / Business Management and Enterprise ATAR
Bachelor of Laws/ Bachelor of Philosophy, Politics and Economics	Politics and Law ATAR / Philosophy and Ethics ATAR
NURSING	
Bachelor of Nursing	Human Biology ATAR and/or Mathematics Applications ATAR
HEALTH SCIENCES	
Bachelor of Biomedical Science	Mathematics Applications ATAR, or Chemistry ATAR, or Human Biology ATAR, or Biology ATAR
Bachelor of Biomedical Science/Bachelor of Commerce (<i>double degree</i>)	Mathematics Applications ATAR, or Chemistry ATAR, or Human Biology ATAR, or Biology ATAR / ATAR subject in preferred Notre Dame Bachelor of Commerce Major discipline area
Bachelor of Biomedical Science/Bachelor of Health Promotion (<i>double degree</i>)	Mathematics Applications ATAR, or Chemistry ATAR, or Human Biology ATAR, or Biology ATAR
Bachelor of Exercise and Sport Science	Physical Education Studies ATAR and/or Human Biology ATAR
Bachelor of Health and Physical Education (Primary)	Physical Education Studies ATAR and/or Human Biology ATAR
Bachelor of Health and Physical Education (Secondary)	Physical Education Studies ATAR and/or Human Biology ATAR

COURSE	DESIRABLE
Bachelor of Health Promotion	Human Biology ATAR and/or Business Management and Enterprise ATAR
Bachelor of Occupational Therapy (Honours)	TBC Physical Education Studies ATAR and/or Human Biology ATAR
PHYSIOTHERAPY	
Bachelor of Physiotherapy	Recommended: Mathematics Specialist or Methods ATAR, Human Biology ATAR, Physics ATAR or Chemistry ATAR <i>Desirable: Biology ATAR, Physical Education Studies ATAR or Mathematics Applications ATAR</i>
Bachelor of Physiotherapy/Bachelor of Exercise and Sport Science (<i>double degree</i>)	Recommended: Mathematics Specialist or Methods ATAR, Human Biology ATAR, Physics ATAR or Chemistry ATAR <i>Desirable: Biology ATAR, Physical Education Studies ATAR or Mathematics Applications ATAR</i>
EDUCATION	
Bachelor of Education (Early Learning)	No specific subject recommended. <i>Applicants for pre-service teacher education courses must satisfy non-academic criteria. Applicants' non-academic capabilities will be assessed based on completion of a Non-Academic Requirements for Teacher Entry (NARTE) online questionnaire.</i>
Bachelor of Education (Primary) ¹	No specific subject recommended. <i>Applicants for pre-service teacher education courses must satisfy non-academic criteria. Applicants' non-academic capabilities will be assessed based on completion of a Non-Academic Requirements for Teacher Entry (NARTE) online questionnaire.</i>
Bachelor of Education (Primary)/Bachelor of Arts (<i>double degree</i>)	No specific subject recommended / ATAR subject in preferred Notre Dame Bachelor of Arts Major discipline area. <i>Applicants for pre-service teacher education courses must satisfy non-academic criteria. Applicants' non-academic capabilities will be assessed based on completion of a Non-Academic Requirements for Teacher Entry (NARTE) online questionnaire.</i>
Bachelor of Education (Primary)/Bachelor of Behavioural Science (<i>double degree</i>)	No specific subject recommended / Psychology ATAR <i>Applicants for pre-service teacher education courses must satisfy non-academic criteria. Applicants' non-academic capabilities will be assessed based on completion of a Non-Academic Requirements for Teacher Entry (NARTE) online questionnaire.</i>
Bachelor of Education (Primary)/Bachelor of Science (<i>double degree</i>)	No specific subject recommended / Psychology ATAR <i>Applicants for pre-service teacher education courses must satisfy non-academic criteria. Applicants' non-academic capabilities will be assessed based on completion of a Non-Academic Requirements for Teacher Entry (NARTE) online questionnaire.</i>
Bachelor of Education (Secondary)	Mathematics ATAR subject and/or Science ATAR subject and/or Humanities ATAR subject <i>Applicants for pre-service teacher education courses must satisfy non-academic criteria. Applicants' non-academic capabilities will be assessed based on completion of a Non-Academic Requirements for Teacher Entry (NARTE) online questionnaire.</i>
Bachelor of Education (Secondary)/Bachelor of Arts (<i>double degree</i>)	Mathematics ATAR subject and/or Science ATAR subject and/or Humanities ATAR subject / ATAR subject in preferred Notre Dame Bachelor of Arts Major discipline area <i>Applicants for pre-service teacher education courses must satisfy non-academic criteria. Applicants' non-academic capabilities will be assessed based on completion of a Non-Academic Requirements for Teacher Entry (NARTE) online questionnaire.</i>
Bachelor of Education (Secondary)/Bachelor of Behavioural Science (<i>double degree</i>)	Mathematics ATAR subject and/or Science ATAR subject and/or Humanities ATAR subject / Psychology ATAR <i>Applicants for pre-service teacher education courses must satisfy non-academic criteria. Applicants' non-academic capabilities will be assessed based on completion of a Non-Academic Requirements for Teacher Entry (NARTE) online questionnaire.</i>
Bachelor of Education (Secondary)/Bachelor of Science (<i>double degree</i>)	Mathematics ATAR subject and/or Science ATAR subject and/or Humanities ATAR subject <i>Applicants for pre-service teacher education courses must satisfy non-academic criteria. Applicants' non-academic capabilities will be assessed based on completion of a Non-Academic Requirements for Teacher Entry (NARTE) online questionnaire.</i>
PHILOSOPHY AND THEOLOGY	
Bachelor of Philosophy	Philosophy and Ethics ATAR
Bachelor of Philosophy/Bachelor of Theology (<i>double degree</i>)	Philosophy and Ethics ATAR
Bachelor of Theology	Religion and Life ATAR and/or Philosophy and Ethics ATAR
Diploma of Theology	Religion and Life ATAR and/or Philosophy and Ethics ATAR
Bachelor of Philosophy, Politics and Economics	Philosophy and Ethics ATAR
ENABLING PROGRAM	
Tertiary Pathway Program	No prior study in a particular course is required
Tertiary Pathway Program (Nursing)	No prior study in a particular course is required
UniPath Program	No prior study in a particular course is required

THE UNIVERSITY OF WESTERN AUSTRALIA

The following list outlines the prerequisite and recommended ATAR courses for entry to UWA courses in 2028. To meet the prerequisite requirements, you'll need to achieve a scaled score of 50 or more in the ATAR course/s. Recommended ATAR courses provide valuable background that will assist you during your studies but do not affect selection into the course.

UWA believes that completing your ATAR studies is the best preparation for successful University study. However, if you don't have the required prerequisite ATAR courses or equivalent for your chosen major, you could still get an offer as long as you complete bridging units in the first year of your UWA course.

COURSE	PREREQUISITES	RECOMMENDED
ARCHITECTURE, DESIGN AND PLANNING		
Bachelor of Environmental Design		
<ul style="list-style-type: none">Architecture (Extended Major)Environmental Geography and PlanningLandscape Architecture	No previous study in a particular course is required	
Bachelor of Philosophy (Honours)		
• Refer to your chosen major/s for prerequisites and recommended subjects		
ASSURED PATHWAYS		
Master of Architecture via Bachelor of Environmental Design or Bachelor of Philosophy (Honours)	Refer to your chosen majors for prerequisites and recommended subjects. Progression requires completion of the bachelor’s degree with a UWA weighted average mark of at least 60%	
Master of Landscape Architecture via Bachelor of Environmental Design or Bachelor of Philosophy (Honours)	Refer to your chosen majors for prerequisites and recommended subjects. Progression requires completion of the bachelor’s degree with a UWA weighted average mark of at least 60%	
BUSINESS AND COMMERCE		
Bachelor of Agribusiness		
Agribusiness and Agricultural Science (Extended Major)	Mathematics Methods ATAR or Mathematics Applications ATAR with a mathematics unit taken in the first year. Students without ATAR Mathematics will take two first-year mathematics units.	
Bachelor of Arts		
<ul style="list-style-type: none">Communication and Media StudiesWork and Employment Relations	No previous study in a particular course is required	
Bachelor of Business		
Business Management	No previous study in a particular course is required	
Enterprise and Innovation	No previous study in a particular course is required	Mathematics Methods ATAR
Global Business	No previous study in a particular course is required	Mathematics Methods ATAR
Bachelor of Commerce		
<ul style="list-style-type: none">AccountingBusiness LawFinanceHuman Resource ManagementManagementMarketing	Mathematics Applications ATAR or a mathematics unit taken in the first year.	
<ul style="list-style-type: none">Business AnalyticsBusiness Economics	Mathematics Methods ATAR or Mathematics Applications ATAR with a mathematics unit taken in the first year. Students without ATAR Mathematics will take two first-year mathematics units.	
Bachelor of Economics		
<ul style="list-style-type: none">Financial Economics (Extended Major)Economics (Extended Major)	Mathematics Methods ATAR or Mathematics Applications ATAR with a mathematics unit taken in the first year. Students without ATAR Mathematics will take two first-year mathematics units.	
Bachelor of Philosophy, Politics and Economics		
Philosophy, Politics and Economics (Extended Major)	No previous study in a particular course is required	

COURSE	PREREQUISITES	RECOMMENDED
Bachelor of Philosophy (Honours)		
Refer to your chosen majors for prerequisites and recommended subjects		
COMBINED BACHELOR'S DEGREES		
<ul style="list-style-type: none">Bachelor of Agricultural Science and Bachelor of CommerceBachelor of Economics and Bachelor of Commerce	Refer to your chosen majors for prerequisites and recommended subjects.	
Bachelor of Engineering (Honours) and Bachelor of Commerce	Mathematics Methods ATAR and at least one of the following three subjects: Mathematics Specialist ATAR, Chemistry ATAR or Physics ATAR. Note: All four subjects are recommended. If you don't have all four subjects you'll need to take specified bridging units in your first year.	
<ul style="list-style-type: none">Bachelor of Environmental Science and Bachelor of CommerceBachelor of Human Rights and Bachelor of CommerceBachelor of Modern Languages and Bachelor of Business	Refer to your chosen majors for prerequisites and recommended subjects.	
Bachelor of Music and Bachelor of Business	Performance/Musicology/Studio Teaching streams: A practical requirement equivalent of AMEB Grade 7 (demonstrated by an audition) and a strong background in music theory. Composition stream: A practical requirement equivalent of AMEB Grade 5 (demonstrated by an audition) and a background in music theory and a portfolio. Creative Music Technology stream: A practical requirement equivalent of AMEB Grade 4 (demonstrated by an audition) and a background in music theory and a portfolio.	
<ul style="list-style-type: none">Bachelor of Philosophy, Politics and Economics and Bachelor of CommerceBachelor of Psychology and Bachelor of CommerceBachelor of Media and Communication and Bachelor of Commerce	Refer to your chosen majors for prerequisites and recommended subjects.	
COMBINED BACHELOR'S AND MASTER'S DEGREES		
Bachelor of Economics and Master of Economics	Mathematics Methods ATAR or Mathematics Applications ATAR with a mathematics unit taken in the first year. Students without ATAR Mathematics will take two first-year mathematics units.	
DATA AND COMPUTER SCIENCE		
Bachelor of Advanced Computer Science (Honours)		
<ul style="list-style-type: none">Artificial IntelligenceComputing and Data ScienceInternational CybersecurityQuantum Computing (Extended Major)	Mathematics Methods ATAR	
Bachelor of Science		
<ul style="list-style-type: none">Computer ScienceCybersecurityData Science	Mathematics Methods ATAR or Mathematics Applications ATAR with a mathematics unit taken in the first year. Students without ATAR Mathematics will take two first-year mathematics units.	
Bachelor of Philosophy (Honours)		
Refer to your chosen major/s for prerequisites and recommended subjects		
EDUCATION		
Bachelor of Education (Primary) (Honours)		
Primary Education	Applicants must submit a satisfactory personal statement.	
COMBINED BACHELOR'S AND MASTER'S DEGREES		
Bachelor of Arts and Master of Teaching (Secondary)	Refer to your chosen major/s for further prerequisites and recommended subjects. In addition, applicants must submit a satisfactory personal statement.	
Bachelor of Science and Master of Teaching (Secondary)	Refer to your chosen major/s for further prerequisites and recommended subjects. In addition, applicants must submit a satisfactory personal statement.	

COURSE	PREREQUISITES	RECOMMENDED
ASSURED PATHWAYS		
Master of Teaching (Secondary) via a range of Bachelor's degrees	Refer to your chosen majors for prerequisites and recommended subjects. Note progression requires completion of the bachelor's degree relevant to one or more learning areas in the Secondary school curriculum with a UWA weighted average mark of at least 60% and a satisfactory personal statement.	
ENGINEERING		
Bachelor of Engineering (Honours)		
<ul style="list-style-type: none">Automation and Robotics Engineering (Extended Major)Biomedical Engineering (Extended Major)Chemical Engineering (Extended Major)Civil Engineering (Extended Major)Electrical and Electronic Engineering (Extended Major)Environmental Engineering (Extended Major)Mechanical Engineering (Extended Major)Mining Engineering (Extended Major)Software Engineering (Extended Major)	Mathematics Methods ATAR and at least one of the following three subjects: Mathematics Specialist ATAR, Chemistry ATAR or Physics ATAR. Note: All four subjects are recommended. If you don't have all four subjects you'll need to take specified bridging units in your first year.	
COMBINED BACHELOR'S DEGREES		
<ul style="list-style-type: none">Bachelor of Engineering (Honours) and Bachelor of ArtsBachelor of Engineering (Honours) and Bachelor of CommerceBachelor of Engineering (Honours) and Bachelor of Modern LanguagesBachelor of Engineering (Honours) and Bachelor of Philosophy (Honours)Bachelor of Engineering (Honours) and Bachelor of Science	Mathematics Methods ATAR and at least one of the following three subjects: Mathematics Specialist ATAR, Chemistry ATAR or Physics ATAR. Sport Science	No previous study in a particular course is required	Mathematics Applications ATAR
Bachelor of Molecular Sciences		
<ul style="list-style-type: none"> Biochemistry of Nutrition (Extended Major) Molecular Life Sciences (Extended Major) 	Mathematics Methods ATAR or Mathematics Applications ATAR with a mathematics unit taken in the first year. Students without ATAR Mathematics will take two first-year mathematics units. Chemistry ATAR or a chemistry unit taken in the first year.	
Bachelor of Social Work (Honours)		
Social Work (Extended Major)	No previous study in a particular course is required	
Bachelor of Sport and Exercise Sciences		
Sport Science, Exercise & Health (Extended Major)	Mathematics Applications ATAR or a mathematics unit taken in the first year.	Mathematics Methods ATAR
Bachelor of Philosophy (Honours)		
Refer to your chosen major/s for prerequisites and recommended subjects		
ASSURED PATHWAYS		
Doctor of Dental Medicine via Bachelor of Biomedicine (Specialised) Integrated Dental Sciences	Prerequisites from your major, UCAT ANZ, and interview. Note progression requires completion of the bachelor's degree with a UWA Selection GPA of 5.5.	
Doctor of Medicine via Bachelor of Biomedicine (Specialised) Integrated Medical Sciences and Clinical Practice	Prerequisites from your major, UCAT ANZ, and interview. Note progression requires completion of the bachelor's degree with a UWA Selection GPA of 5.5.	
Doctor of Podiatric Medicine via Bachelor of Biomedicine (Specialised) - Podiatric Health and Medical Sciences (Extended Major)	Refer to your chosen majors for prerequisites and recommended subjects. Note progression requires completion of the bachelor's degree with a UWA Selection GPA of 5.0 and Podiatry prerequisite units.	

COURSE	PREREQUISITES	RECOMMENDED
Master of Public Health via Bachelor of Biomedical Science or Bachelor of Philosophy (Honours)	Refer to your chosen majors for prerequisites and recommended subjects. Note progression requires completion of the bachelor's degree with a UWA Weighted Average Mark of 60%.	
COMBINED BACHELOR'S AND MASTER'S DEGREES		
<ul style="list-style-type: none">• Bachelor of Human Sciences and Master of Bioinformatics• Bachelor of Molecular Sciences and Master of Biomedical Science• Bachelor of Molecular Sciences and Master of Bioinformatics• Bachelor of Molecular Sciences and Master of Biotechnology	Chemistry ATAR is required. Mathematics Methods ATAR or Mathematics Applications ATAR with a mathematics unit taken in the first year. Students without ATAR Mathematics will take two first-year mathematics units
